

Canadian Statistics Student Conference 2019

The 7th Annual
Canadian Statistics
Student Conference

May 25th 2019

U of Calgary
Calgary, AB

Please join us at this annual conference, organized entirely by students, for students! It is a great opportunity to present your work in a low-stress environment.

Some of the features planned for this year include:

- Keynote speaker Dr. Charmaine Dean
- Career session with speakers from academia, government, and industry

- Skills session on machine learning applications in R
- Computational workshop on data science
- Networking lunch
- and much more!

Registration and abstract submission will be open in late January 2019.
